The Bradford Sanitary Authority has an immediate opening for a Wastewater Treatment Plant Operator.

This position will report directly to the Operations Manager but could also receive assignments from the Plant Foreman or Executive Director. The primary responsibility for this position is operating the wastewater treatment plant facility to achieve optimum wastewater discharge and comply with all EPA/DEP regulations.

Focused initiatives related to this position include the ability to: exhibit safe work habits and practices, work well in a team-oriented environment, obtain and retain knowledge and skills associated with all maintenance and repairs of the treatment plant assets, and adhere to all BSA Rules and Regulations aligned with the Authority Mission Statement.

A successful candidate should have considerable technical and practical experience in the electrical profession working within Commercial and Industrial electrical settings. Skills should include but not limited to effective troubleshooting, diagnosing issues, understanding and applying blueprints and technical diagrams, understanding various devices such as ammeters, voltmeters, thermal scanners, cable testers and hand/power tools. They must also be comfortable working and climbing at heights and working from ladders.

A successful candidate should also: be versed in Chemistry, possess strong analytical skills, be familiar with a variety of lab equipment and instruments, be highly organized, can work independently, be self-motivated, possess strong written and verbal communication, can multi-task, and have exceptional attention to detail. Excellent computer skills and proficiency with Microsoft Applications are required.

Educational requirements will include the demonstrated ability to complete all required training and continuing education units as directed by the Authority to obtain state certification in the field of wastewater. A degree in Chemistry and/or a degree or practical experience in Technology platforms or Trades is highly beneficial.

Other responsibilities include the ability to serve as "on-call" operator as assigned, which could include covering off-hours, weekends, and Holiday's.

A successful candidate must possess a current, valid driver's license, CDL would be beneficial. Current Pennsylvania Wastewater Certification or experience in the field is a plus.

A successful candidate must also have the physical capability to work outdoors in all types of weather and the ability to work safely in and around hazardous areas or conditions. A successful candidate must be able to respond to immediate distribution issues or emergencies as required during off hours.

Any candidate offered a position with the Bradford Sanitary Authority will be required to successfully complete a pre-employment drug screen and background check.

Resumes can be sent to the Bradford Sanitary Authority, PO Box 546, 28 Kennedy Street, Bradford, PA 16701, or an application can be obtained at the Sanitary Offices, 2nd floor 28 Kennedy St.
